Weekday Application Questions

EQUIP — Where do you see evidence of Creation's Separation from Creation throughout the Bible? What stories illustrate this division? Where do you see evidence of this division in the world today?

ENGAGE—What does it look like for you to “steward the earth” today? How can this idea be taken to either extreme (idolizing the creation vs. exploiting the creation)?

EXALT — As you consider leaving a Christian mark on your world, how can you incorporate simplicity and generosity into your life today?

Here is your “One Thing” for this week: First, consider “Death Cleaning” your home. Second, contact an expert to discuss estate planning/wealth management to ensure your assets are eternally invested after your death.
