

GOD'S GREAT REVERSAL OF EVIL

Ruth 1-4

Dr. Vic Anderson, Guest Pastor

04.21.24

Like an avalanche raging down a mountain, the crush of evil upon us seems to be irreversible. At best, we hope for survival. At worst, we live with bitter spite that God has afflicted us with endless calamity. We find our condition desperate and our heart hopeless.

Yet, we are encouraged when we see how God reverses evil for His people. God turns the crushing avalanche into cascading blessing. The book of Ruth shows us how he does this in the most amazing way! While God's great reversal of evil may come at times as a flashing lightning bolt from heaven, it more often occurs as imperceptible movements through the loyal love of his people.

May God bolster our hope in his hand!
