

GRACE[®]
BIBLE CHURCH

Long-term Planning

PRAYER GUIDE

Almighty God, our hearts are full of gratitude for Your blessings and hope for the future. We thank You for Your faithfulness to Grace Bible Church for 71 years and for the material blessings You have provided to our congregation in that time. We are excited at the opportunity to plan for the future of this church and its physical space, but know this is an important task that will require much organization, planning, work, coordination, and prayer. We lift up this Long-term Planning to You, seeking Your guidance and wisdom through every step.

For the Committee, pray:

- That God would provide the right people and necessary resources
- That the committee would remain unified as well as receptive and submissive to God's Will throughout the process
- That the Holy Spirit would inspire the committee and the congregation, guide our decisions, and empower us to act with love and generosity

For the Project, pray:

- That the building projects represent God's will and will serve the purpose of advancing of the gospel
- That the final product would reflect Grace Bible Church's mission to, "Equip. Engage. Exalt." in our community and around the world
- That the physical space and the people that fill it will act as a beacon of hope in our community; a place where everyone feels welcomed, loved, and connected to Christ

For Fundraising, pray:

- That a future giving campaign will be a powerful expression of our faith and commitment to God's mission for Grace Bible Church
- That we would be wise stewards of the gifts we receive
- That God would help us communicate the vision for this project with clarity and passion, so that others will be moved to join us in this important work
- That God would help you discern how you can support the church's mission going forward
